## EDUCATION

**Anuradha Engineering College**  
*B.E in Information Technology*  
**CGPA: 6.5**

**Chikhali, Maharashtra**  
*Expected Graduation, May 2023*

## PROFILE SUMMARY

Aspiring Full Stack Java Developer with expertise in developing and deploying RESTful APIs, microservices, and responsive web applications using modern frameworks and technologies.

- Proficient in front-end technologies: HTML5, CSS3, JavaScript (ES6+), React.js, and Angular 17.
- Strong backend experience with Spring Boot, Node.js, MongoDB, and MySQL, along with hands-on knowledge of Hibernate and Spring Data JPA.
- Adept at building scalable and secure applications with expertise in authentication mechanisms (JWT) and state management (Redux, Zustand).
- Demonstrated ability to manage project lifecycles, from requirements gathering and design to implementation and maintenance.
- Continuously upgrading skills in cloud technologies (AWS), Git version control, and industry best practices.

## PROJECTS

### Food Website

**June 2024- Current**

#### Tools: React, Axios, Redux

An interactive platform enabling users to register, authenticate, and manage food-related tasks with a focus on performance

Responsibilities:

- Designed a responsive and intuitive front-end using React and Tailwind CSS.
- Implemented secure user authentication and authorization mechanisms with JWT.
- Developed and maintained the backend using Spring Boot and MongoDB, ensuring efficient data retrieval and storage.
- Integrated RESTful APIs and used Redux for consistent state management. My Portfolio

**June 2023 – March 2023**

#### Tools: Html, CSS, JavaScript

A personal portfolio showcasing projects, skills, and achievements. Responsibilities:

Developed the front-end using, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.

- Built a modern and interactive web page using HTML5, CSS3, and JavaScript.
- Ensured cross-device compatibility with a fully responsive design.
- Deployed the project using version control tools like Git.

## ACADEMIC ACHEIVEMENTS

- Led the college graphics design team, organizing and managing various design projects and events to enhance the team's creative output and visibility.
- Completed C Programming Certification through Sololearn.
- Earned a Full Stack Java Developer Certification from SEED Infotech Private Limited.

## Certification

- C Language Certification – Sololearn
- Full Stack Java Developer Certification – SEED Infotech Private Limited

## SKILLS

Programming Languages: Core Java, JavaScript (ES6+), HTML5, CSS3, SQL, C++, C, React.js, Angular 17, Spring Boot, Spring Data JPA, Hibernate, Node.js

Databases: MySQL, MongoDB

State Management: Redux, Zustand

Tools & Technologies: Git, AWS, VS Code, Eclipse, Tailwind CSS, Axios

Key Concepts: RESTful APIs, JWT Authentication, Microservices Architecture, Responsive Design
